

Erratum

Erratum: Hanada et al., p11 in Cholinergic Interneurons of the Nucleus Accumbens Is Essential for Dopamine Responses to Rewarding Stimuli (eNeuro September/October 2018, 5(5) e0332-18.2018 1-20 <https://doi.org/10.1523/ENEURO.0332-18.2018>)

In the article “p11 in Cholinergic Interneurons of the Nucleus Accumbens Is Essential for Dopamine Responses to Rewarding Stimuli,” by Y. Hanada, Y. Kawahara, Y. N. Ohnishi, T. Shuto, M. Kuroiwa, N. Sotogaku, P. Greengard, Y. Sagi, and A. Nishi, which appeared online on October 16, 2018, the word “cereal” was misspelled twice in the *Palatable food* section. This error does not affect the conclusions of the paper. The article has been corrected online.
