

Erratum: Garbuzova-Davis et al., “Apolipoprotein A1 Enhances Endothelial Cell Survival in an In Vitro Model of ALS”

In the article “Apolipoprotein A1 Enhances Endothelial Cell Survival in an In Vitro Model of ALS,” by Svitlana Garbuzova-Davis, Alison E. Willing, and Cesario V. Borlongan, published online on July 15, 2022, Figure 1 was published with an error. During final figure assembly, Figure 1B was taken from another study the authors were conducting involving an ALS plasma-treated model. A corrected version of Figure 1 appears below. All authors have reviewed the images and raw data associated with the study and confirm that this error does not affect the conclusions of the paper.

Mouse brain endothelial cells in vitro: Apolipoprotein A1

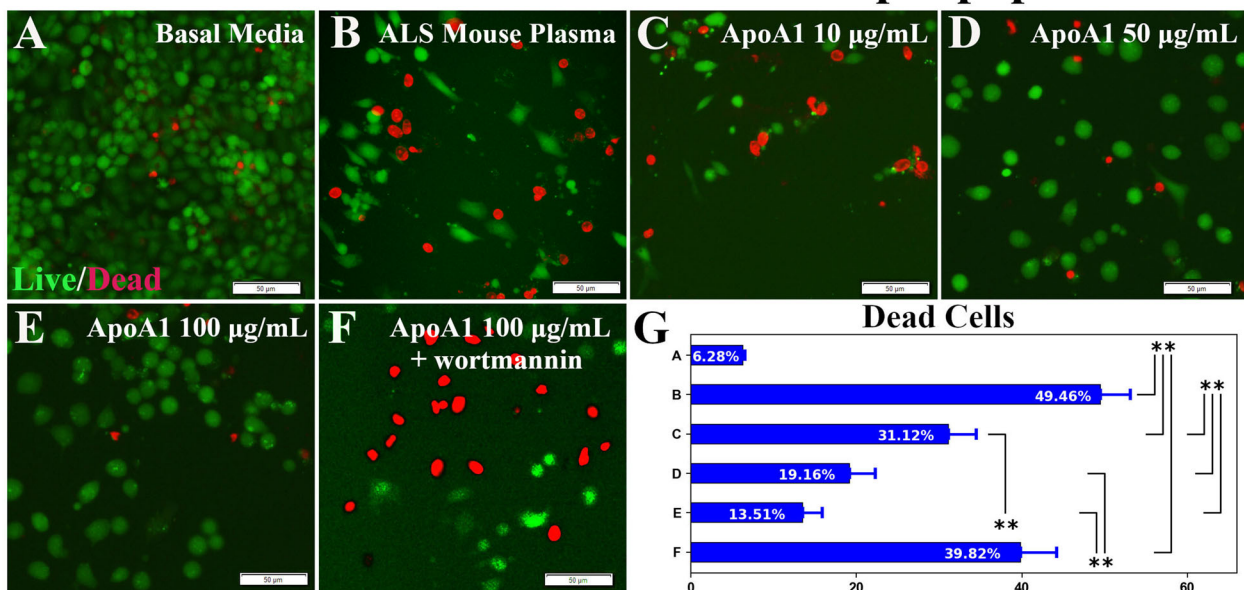

Figure 1.
