In the article “Scale-Free Neural and Physiological Dynamics in Naturalistic Stimuli Processing” by Amy Lin, Brian Maniscalco, and Biyu J. He, which appeared on e0191-16.2016 of the September/October 2016, there was an error in the y-axis labels of Fig. 3A,C, in which the numbers were incorrect and shifted. This error does not affect any conclusion of the paper and was only found in this figure. Fig. 3 has been corrected on the online PDF version and displayed below.
